RE: Confirmation of the following Repair Development Approval:

Approval of the Facility for the Patch repair on the Combustion Liner of the JT15D models to the listed part numbers in the attached appendix

Dear Sirs:

This is to confirm that,
Atech Turbine Component Inc.
Auburn, MA

Have demonstrated to our satisfaction that they have the necessary knowledge, skills, facilities and controls to successfully perform **Patch repair**, on the part numbers listed in appendix 1.

The demonstrated process is defined as **CL-2005-Patching** dated **15 Aug 2005**, a copy of which has been deposited with Pratt & Whitney Canada Corp., Repair and Overhaul Support. This copy will be the document of reference in any dispute and no changes to, nor deviations from, this process are permitted without the written approval of the Pratt & Whitney Canada Repair and Overhaul Support Manager.

Letter 724051-AL-005
Rev: 00

Atech Turbine Component, Inc.

The intent of process **CL-2005-Patching** will be reflected in the applicable engine Overhaul Manuals. This letter is an authorization to proceed pending issue of the above revision. Use of this authorization is subject to compliance with local airworthiness authority requirements and all certificates issued for a given part repaired with the subject process must reflect the process number. Any subsequent part numbers introduced beyond those indicated in this letter require P&WC's specific approval.

Failure to maintain satisfactory controls and quality, to provide adequate service, or to adhere to the executed Repair Process Agreement, could result in loss of this approval and deletion of the supplier's name from the Overhaul Manuals.

Revalidation of this approval will be required after two (2) years of inactivity.

Yours truly,

PRATT & WHITNEY CANADA CORP
